Other transcribing software is available. Can be done for free using software Audacity.

Why transcribe?

- Learn directly from the masters
- Train your ear
- Learn the subtle nuances of the music: developing your tone and by playing variations you will improve your improvising skills
- Ability to slow down and loop sections of the music
- Ability to change key

My harmonica transcriptions website:

<http://harptranscripts.co.uk/>

Contains several free harmonica transcriptions for diatonic and chromatic (also available on YouTube).
